ROLE PLAY: FORMATION OF AN ONLINE CONTRACT

Conversation-Based Classroom Role Play

Characters

Ravi – Buyer

Priya – Seller / Online Store Representative

Arun – Customer Support Executive

Meena – Payment Officer

Karthik – Delivery Person

Scene 1: Product Selection

Ravi: Hello. I want to buy a laptop. I am checking this online shopping website.

Arun: Sure. You can check the laptop details, price, specifications, warranty and delivery information.

Ravi: I found a laptop for ■50,000. The specifications and warranty look suitable.

Priya: Yes, this laptop is available for ■50,000. The product details and applicable terms are displayed on the website.

Scene 2: Offer and Acceptance

Ravi: I have checked the product description, price and delivery details.

Arun: Please also read the terms and conditions before placing the order.

Ravi: I have read them. I agree to the terms and conditions.

Ravi: Now I am clicking 'Place Order'.

Priya: Your order request has been received electronically.

Scene 3: Consideration and Online Payment

Meena: Your order amount is ■50,000. You can choose an available digital payment method.

Ravi: I will make the payment using UPI.

Meena: The payment has been completed successfully.

Ravi: Thank you. I have received the payment confirmation.

Scene 4: Electronic Confirmation

Arun: Your order has been successfully processed.

Ravi: What information will I receive in the confirmation?

Arun: You will receive the order number, product details, amount paid, delivery information and payment status.

Ravi: I have received the confirmation by email. I will keep it safely.

Scene 5: Performance of the Contract

Priya: We have received your order and payment. We will process and dispatch the laptop according to the agreed delivery terms.

Ravi: I will make sure my delivery information is correct.

Priya: The seller will provide the agreed product and follow the applicable delivery, warranty, return and refund terms.

Scene 6: Delivery

Karthik: Hello Ravi. I am here to deliver your laptop.

Ravi: Thank you. Let me check the delivery details.

Karthik: Here is your package. Please confirm the delivery.

Ravi: I have received the laptop. Thank you.

Karthik: You are welcome.

Scene 7: Conclusion

Ravi: This transaction started with selecting the product and checking its details.

Arun: Then you accepted the applicable terms and placed the order electronically.

Meena: You provided consideration by making the online payment.

Priya: The seller then processed and dispatched the product according to the agreed terms.

Karthik: Finally, the product was delivered to the buyer.

Ravi: So, an online contract can be formed through electronic communication and actions such as placing an order and accepting applicable terms.
